

BATH & BODY OPTIONS

BATH BOMB & SALTS

Description

Packed with ingredients that nourish and hydrate your skin. Filled with organic ingredients, rich essential oils and natural extracts.

Key Ingredients

- Sweet Almond Oil - helps rejuvenate the dead cells, prevent chapped lips and leave them moisturized.
- Shea Butter - helps protect delicate skin from damaging environmental effects, it locks in moisture and slows trans-epidermal water loss.
- Mango Butter - a natural source for Vitamin A and it helps reduce the appearance of fine lines while keeping the skin moisturized.

Directions

Fill your bathtub with warm water, drop in the bath bomb and lie back to enjoy its lovely color and gorgeous fragrance.

BODY WASH

Description

Indulge in the rich lather and get softer, smoother skin after just one shower.

Key Ingredients

- Cocamidopropyl betaine - mild amphoteric surfactant derived from coco-methyl esters. It is used as a foam booster, viscosity builder, and antistatic agent.
- Sodium lauryl Sulfoacetate - a primary/secondary surfactant, foaming agent, wetting agent and/or emulsifier. It is milder to skin than ethoxylated alcohol sulfates
- Panthenol - the provitamin of B5 used as a lubricant, emollient and moisturizer for its ability to penetrate the skin.

Directions

Squeeze a small amount onto wet puff. Lather thoroughly & rinse.

BODY SCRUB

Description

This ultra rich body scrub exfoliates, deeply nourishes the skin, and completes your moisturizing routine. Formulated with a creamy base, it provides gentle yet effective exfoliation while eliminating dead skin cells. Skin is left perfectly smooth, soft, and comfortable.

Key Ingredients

- Sugar - Natural humectant, a natural physical exfoliator that helps hydrate and moisturize skin.
- Hydresia SF-2 - improves the aesthetics of all formulations and prolong the delivery of actives for unparalleled efficacy in personal care.
- Glacial Jojoba Beads - extraordinary oxidative stability and non-occlusive moisture control of Jojoba esters provides a highly safe and effective ingredient for skin and hair products.

Directions

Apply two to three times a week onto dry or damp skin using light massaging movements. Focus on areas that tend to be rough (heels, knees, and elbows) and then rinse.

BATH & BODY OPTIONS

BODY BUTTER

Description

Moisturize and heal with this beautiful whipped body butter. Perfect for dry, cracked hands, elbows, and feet all year round.

Key Ingredients

- Mango Butter - a natural source for Vitamin A and it helps reduce the appearance of fine lines while keeping the skin moisturized.
- Sweet Almond Oil - rejuvenates dead cells, prevent chapped lips and leave them moisturized.
- Hydresia SF2 - improves the aesthetics of all formulations and prolong the delivery of actives for unparalleled efficacy in personal care.

Directions

Apply liberally, massaging every inch of the body for complete absorption and nourishment all over.

SUNLESS TANNER

Description

For an natural, and healthy-looking tan, this lightweight tanner tailors to your individual skin tone, for that longest-lasting tan in one application. It's streak-free, easy to apply, quick-drying, non-sticky with no transfer, and ultra-hydrating.

Key Ingredients

- Dihydroxyacetone (DHA) - most effective sun-free tanning additive for gaining a natural tan-like appearance
- Ethoxydiglycol - enhances penetration of cosmetic actives, helps repair split ends, improves color fixation of self-tanning products with DHA, and many additional uses.
- Acticire - Emollient that brings softness to the skin. Repairs, protects and moisturizes dry, damaged skin.

Directions

Exfoliate 24 hours prior to use. Immediately prior to application, moisturize any dry areas including elbows, knees, ankles, and feet. Wait until touch dry before getting dressed. Allow four to eight hours before showering to reveal your developed tan. To prolong and maintain your tan, moisturize daily, exfoliate regularly, and reapply as desired.

HAND CREAM

Description

This luxuriously rich yet ultra-lightweight hand cream leaves hands silky-soft—never greasy. With a nurturing blend of extracts, the nourishing formula soothes for softer, more supple skin.

Key Ingredients

- Fractionated Coconut Oil - an effective lightweight moisturizer for the skin.
- Mango Butter - a natural source for Vitamin A and it helps reduce the appearance of fine lines while keeping the skin moisturized.
- Cocoa Butter - protect, heal and moisturize the skin that is exposed to harsh environmental effects.

Directions

Apply to hands as often as desired, paying special attention to the cuticles.

HAND SANITIZER

Description

This hand sanitizer eliminate bacteria and germs, and is coveted for its unique hydrating properties and luxurious powder finish.

Key Ingredients

- Ethanol 95% - Antimicrobial and Antibacterial
- Cyclopentasiloxane - Excellent skin feel with a transient emolliency. Gives skin a smooth feel.
- DC EL - 7040 - Hydro Elastomer Blend combines the superior aesthetics of an elastomer gel. It adds a hydrophilic component that enables aesthetically pleasing blends not previously available with water and other polar solvents.

Directions

Rub thoroughly into hands for at least 30 seconds. Allow to dry.

BATH & BODY OPTIONS

WET WIPES

Description

A pack of [your brand name] cleansing cloths are gentle enough for your hands and face. Remove dirt, oil, and impurities, while removing makeup for a clean complexion. The moisturizing [Aloe] inside each wipe helps keep your skin soft and refreshed.

Key Ingredients

- Disodium Cocoamphodipropionate - Mild surfactant, helps get rid of make up and removes dirt, oil and impurities.
- Betaine - Naturally derived amino acid. Moisturizing and improves skin compatibility of surfactant mixtures.
